

REMARKS

The above amendments to the specification and claims are being presented at this time to (1) provide a more definite title, (2) cite the parentage of the application, (3) include headings that set forth the different sections of the application and generally place the specification in compliance with US practice, (4) revise the specification to correct clerical matters, and (5) revise the claims to eliminate multiple dependent claims, add a second independent claim, and generally place the claims in compliance with US practice.

Applicants believe their application is now in better condition for examination, which Applicants respectfully request. Should the Examiner have any questions with respect to any matter now of record, Applicants' representative may be reached at (219) 462-4999.

Respectfully submitted,
